Course Description

The study of art at UHC helps students better see and appreciate God's own artistic brilliance in His lavish creation. Studio practice is augmented by a weekly lecture, films or paintings, and group discussion. There is an intentional focus on creativity and mastery of basic understanding of the elements of design, which are taught through a variety of media and hands-on learning. The children learn to create, critique, and grow in their skills and understanding of art and how historically it has been shaped, or shapes, culture. There is no homework for Art class.

One Day Model vs Two Day Model:

Students will learn the same concepts in art class whether they come for the one day model or the two day model. The only difference will be that students will be given either a more in-depth project that would last 2 class days OR would complete 2 different projects relating to the same weekly theme/era.

To be successful in this class:

Listen and participate in class, complete assigned work diligently and intentionally, and follow instructions.
