## **Course Description**

### **Two Day Model:**

Geography for 3rd grade will focus on an in-depth study of the 50 states of America using [Notgrass Our 50 States](#). Students will learn geographic terms in relation to the topography of each state, all while practicing map skills. The curriculum includes two lessons per state, which includes facts about the history, physical features, population, and hands-on activities. Notgrass literature selections will also add to the depth of this comprehensive geography curriculum.

Homework will be 1 day per week. See the chart below for homework examples.

## **To be successful in this class:**

Listen and participate in class; complete assigned work on time; and follow instructions.
