

**2025-2026 SCHOOL YEAR**

# Intermediate Math GVL

Monday AND Wednesday

**Grades:** 7th Grade

**Fees:** \$360 per year

## REQUIRED MATERIALS

### Textbooks:

- [Intermediate Mathematics Homeschool Student Kit](#), Abeka (student textbook **and** test/quiz booklet included)
- [Intermediate Mathematics Solutions Key](#), Abeka

Note: All course materials will need to be purchased in July in order to complete the early August summer homework.

### Other materials:

- Pencils
- Dry Erase Markers

- Three-ring binder with notebook paper
- Calculator
- Graph paper
- Ruler

## Course Description

This class is for the seventh grader who needs a solid course in the basics. It covers percentages, basic geometry, measurement conversions, probability, statistics, graphing, and some pre-algebra. This class will help solidify math skills. Assignments will be posted in Jupiter Ed.

8th graders who need practice with basic arithmetic may enroll in this class. Please check the syllabus for more detailed information.

**ATTENTION:** Summer homework is required. It will be assigned in early August and will need to be completed by the first day of class. Curriculum materials need to be purchased and in hand by the end of July.

## To be successful in this class:

Students must participate in classroom activities, follow classroom procedures, and complete at-home assignments accurately and on time. Throughout the co-op week, students will be assigned 4-5 days of homework with each day requiring 45 minutes to an hour for total of approximately 4 hours of homework each week.

**Summer and Christmas break homework will be assigned and is required.**

Students may also be enrolled in a [Math Lab](#) for Middle School if additional help with math homework is needed.

**Parents must be involved at home on a daily basis, own the solutions key, reteach/review, check, and correct daily homework.**

## Meet Kara Edwards

**Education:** B.S. Mechanical Engineering from Pennsylvania State University

**Teaching experience:** Taught SAT/ACT Math Prep 2020-2021

**UHC courses taught:** Intermediate Math

Began teaching at UHC in 2023
