

2025-2026 SCHOOL YEAR

Math Lab for Middle School GVL

Monday AND Wednesday

Grades: 7th Grade, 8th Grade

Fees: \$360 per year

Prerequisites:

Enrollment in Math 6, Intermediate Math, or Pre-Algebra

REQUIRED MATERIALS

Textbook required in Math 6, Intermediate Math, or Pre-Algebra class.

Course Description

Math Lab for 6th-8th grade is a tutorial style study hall designed to be a time of reinforcement for students enrolled in UHC Math 6, Intermediate Math, or Pre-Algebra classes. Students will be required to bring their current math course work

(homework, notes/math journal, etc.) with them to class each day. Students will be able to receive assistance on current objectives in a small group setting. The teacher will not proctor or assist students on graded assignments (quizzes, projects, tests, etc.), but will assist with mastery of homework in preparation for the graded assignments.

To be successful in this class:

Students are expected to come to class ready to work on their homework as assigned by their classroom teacher. This is not a social time as students are expected to work quietly and diligently on their math homework. Students are expected to have the math lab teacher check their work for the current days assignment and then make corrections as necessary.

Meet Lori Nelson

Education:

- B.S. Biology, Lander University
- M.S. Life Sciences, University of Maryland

Experience:

- Lowcountry Day School, Science Teacher
- High School Biology, Chemistry, Physical Science
- Middle School Life Science, General Science, and Earth Science
- Tutored students in Science and Math
- Homeschooled my middle school children

Began teaching at UHC in 2023.

Meet Kara Edwards

Education: B.S. Mechanical Engineering from Pennsylvania State University

Teaching experience: Taught SAT/ACT Math Prep 2020-2021

UHC courses taught: Intermediate Math

Began teaching at UHC in 2023
